Stars burn like fire. Wow, awesome list. Hence, when we aim to affect policy, to educate leaders as to what is not bad policy, and hopefully, what is good policy, we need to know their current perceptions misperceptions of the relevant elements in a situation, how such perceptions enter into their decision making and, ideally, how to help change them to be more in accord with reality. Hormones blazing, Jaime could pass for a sympathetic Jacinto-lite-his future as a savior of Spain seemingly predicated on how the world deals with him at

this precise moment.

position bears a curious resemblance to that of John Locke;  
for according to Locke we know only the nominal essences of  
things, not their real essences.
